Select Color Collection

CERAM-A-STAR® 1050 Select

Step up to the leading SMP coating technology with AkzoNobel's CERAM-A-STAR® 1050 SELECT. CERAM-A STAR 1050 is a silicone-modified polyester, formulated to deliver SUPERIOR color stability, chalk and fade resistance, and gloss retention. The excellent scratch and abrasion resistance support improved protection in transit, and during handling and fabrication. The CERAM-A-STAR 1050 SELECT palette was curated with you in mind, to offer improved consistency and availability of the colors you desire. With the SELECT palette, these colors are available with a limited lifetime transferable warranty* for additional peace of mind.

CERAM-A-STAR 1050 SELECT – An optimized color palette offering all the benefits of the beautiful factory finish and performance you have come to expect, with the added protection of our limited lifetime transferable warranty*.

† Premium color at additional cost
